IMMEDIATE RELEASE

Continental Resources Announces Novell Gold Certified Partner Status

May 28, 2009 – Continental Resources, Inc. (CRI) has been named a Gold Level Solution Provider by Novell. CRI is recognized as a Novell Gold Partner for its technical expertise and knowledge and its commitment to providing value-added services and integrated solutions.

As part of its gold partner status, Continental Resources will achieve specializations in System and Resource Management, Linux and Workgroup in the next six months. As a Novell Gold Partner, CRI will have technical and sales specialists that are trained and certified in each of these specializations. In addition, Novell and CRI are engaging in joint business and marketing planning to achieve maximum benefit from the partnership.

As a Novell Gold Partner, CRI is given access to best-in-class products and services, technical support, productivity tools, online training, marketing resources, and sales promotions, allowing them to provide customers the best Novell has to offer. “We are pleased to be named as a Novell Gold Partner,” says Kevin McCann, Vice President of sales for CRI. “The resources and benefits we receive as a Novell Gold Partner allow us to offer our customers the highest quality solutions and services

About Continental Resources, Inc. (CRI)

With over 45 years of industry experience, CRI is among the most established technology solutions providers. Building on a significant network of formal relationships with elite technology providers, CRI sells, rents, leases, and services servers, storage, networking solutions, software, professional services, managed services, as well as test and measurement equipment to business, government and academia. A breadth of resources combines with experience to maximize the ROI on technology investments for businesses nationwide.
