

TEKTRONIX DEMO PROGRAMS

3 Different Options Created for your Specific Needs

In-person, self-guided or remote demo programs are available to assist you in learning more about our products and to help with your purchase decision.

Choose from the Following Programs:

- 1 In-Person Demo:** Have someone demo the instrument for you and answer questions during the demo.
- 2 Self-Guided Demo:** Have the instrument sent to you to evaluate it on your own time.
- 3 Remote Demo:** Take a virtual demo to get your questions answered while seeing the features of the instrument.

Popular Demo Kits

Each demo kit includes the standard probes and accessories for the instrument, a documentation CD, demo board or test target, and a detailed instructional guide.
