

Leverage a Partner with Contract and Asset Management in their DNA

The ConRes Contract & Asset Management team proactively guides you through the asset management lifecycle. Expect our dedicated team to bridge the gap between you and the manufacturer, streamlining processes and delivering cost savings by ensuring the right asset is on the right contract at the right time.

Finally – a partner that gets it! Leverage a contract and asset management team that is dedicated, proactive and specialized.

What's Unique About Having a Dedicated Team

Lifecycle Management Strategy

- Dedicated asset management advisors
- Align service levels to IT environment
- Identify end of service life (EOSL) for all assets
- Proactively manage license and subscription renewals
- Real-time asset discovery
- Identify cost savings

Unparalleled Flexibility

- Co-terminate contracts
- Real-time infrastructure reviews
- Streamline processes for asset true-ups, adds and deletes
- Flexible payment options

ConRes AssetCommand™ Portal

- 24x7, self-service asset view
- Role-based asset controls
- Centralized multi-vendor asset data
- Proactive notifications about expiration dates and renewals
